Billing and Payment

If the number of monthly API calls reaches a tier, all calls will be billed at the unit price of the tier. The higher the tier, the lower the unit price. On the 1st to 3rd day of each month, the system will generate the bill for the previous month.

Fee Calculation Examples

Example 1

If you call the general print recognition API 9,000 times in a month, you will be charged the following fees according to the tiered pricing method:

$$9,000 \times 0.021 = 189 \text{ (USD)}$$

Example 2

If you call the general print recognition API 90,000 times in a month, you will be charged the following fees according to the tiered pricing method:

$$90,000 \times 0.014 = 1,260 \text{ (USD)}$$

Example 3

If you call the general print recognition API 900,000 times in a month, you will be charged the following fees according to the tiered pricing method:

$$900,000 \times 0.0085 = 7,650 \text{ (USD)}$$

Note:

If you are a customer of a Tencent Cloud partner, the rules regarding resources when there are overdue payments are subject to the agreement between you and the partner.

The monthly bill will be settled within the first 3 days of the next month. If your account has insufficient balance, the service will stop. To activate it, you need to top up balance first.
