## Privacy Policy

Last updated : 2024-12-11 10:46:51

### 1.INTRODUCTION

This Module applies if you use TencentCloud Lighthouse (“Feature”). This Module is incorporated into the privacy policy located at [Privacy Policy](#). Terms used but not defined in this Module shall have the meaning given to them in the Privacy Policy. In the event of any conflict between the Privacy Policy and this Module, this Module shall apply to the extent of the inconsistency.

### 2.CONTROLLERSHIP

The controller of the personal information described in this Module is as specified in the Privacy Policy.

### 3.AVAILABILITY

This Feature is available to users globally but primarily intended for users located in the same country/region as the selected service region for optimal performance.

### 4.HOW WE USE PERSONAL INFORMATION

We will use the information in the following ways and in accordance with the following legal bases:

Personal Information	Use	Legal Basis
<b>Public Network IP Address(es)</b>	We use this information for the purpose of providing the Feature to you.	We process this information as it is necessary for us to perform our contract with you to provide the Feature.
<b>Operation Log Data:</b> Details of the user’s activities when using the Feature: request data (requestID, eventID, event source, event time, event name, event type, http method, source IP address, request	We use this information for the purpose of providing you support to enable you to monitor your Tencent Cloud account, conduct compliance	We process this information as it is necessary for us to perform our contract with you to provide the Feature.

<p>parameters, resource type, resource name, user agent); management data (region, event version, timestamp, action type (write or read), API version, whether seen by user, whether there is a platform event, whether there is a sensitive action); user identity information (session context, accountID, principalID, user identity type, username, secretID); result information (API error code and message, error code and message); update ES time; reserved field data (risk type, action type detail); log source data (authentication, signature, cloud API); IP source clip.</p>	<p>checks, operational analysis, and conduct risk assessments. Please note that this data is collected by, and stored and backed up in, our Cloud Audit feature.</p>	
<p><b>Backend Server Log:</b> AppID, UIN, SubAccountUIN, action (API interface name), RequestBody, data relating to status or condition of the server</p>	<p>We use this information for troubleshooting. Please note that this data is stored in our Elasticsearch Service feature.</p>	<p>We process this information as it is necessary for us to perform our contract with you to provide the Feature.</p>
<p><b>Running Status Data:</b> CPU usage rate, bandwidth usage, memory usage, disk usage.</p>	<p>We use this information for the purpose of facilitating your use of the Feature, by displaying to you your utilization of the Feature. Please note that this data is also collected by our Cloud Monitor feature for this purpose.</p>	<p>We process this information as it is necessary for us to perform our contract with you to provide the Feature.</p>
<p><b>Configuration Data:</b> instance name/ID, instance status, region, image version, IP, placement, instance type, instance charge type, system disk type, bandwidth, key pairs, system image, virtual private cloud</p>	<p>We use this information for the purpose of: providing the Feature to you in accordance to your specific configuration operational analysis locating issues.</p>	<p>We process this information as it is necessary for us to perform our contract with you to provide the Feature.</p>

## 5.HOW WE STORE AND SHARE PERSONAL INFORMATION

As specified in the Privacy Policy.

## 6.DATA RETENTION

We will retain personal information in accordance with the following:

<b>Personal Information</b>	<b>Retention Policy</b>
<b>Public Network IP Address(es)</b>	We retain such data for as long as you use the Feature. When your use of the Feature is terminated, we will immediately release this data to the general resource pool.
<b>Operation Log Data</b>	Please note that this data is managed solely by Cloud Audit (though Lighthouse may access this data for the sole purpose of satisfying your request(s)). Cloud Audit will delete this data within 1 year.
<b>Backend Server Log</b>	We retain such data for 30 days.
<b>Running Status Data</b>	We retain such data for a period of up to 186 days, depending on the type of time data.
<b>Configuration Data</b>	We retain such data for 6 months after you delete the cloud server instance or your use of the Feature is terminated.

# Data Processing And Security Agreement

Last updated : 2022-02-25 19:02:30

## 1. BACKGROUND

This Module applies if you use TencentCloud Lighthouse (“Feature”). This Module is incorporated into the Data Privacy and Security Agreement located at [DPSA](#). Terms used but not defined in this Module shall have the meaning given to them in the DPSA. In the event of any conflict between the DPSA and this Module, this Module shall apply to the extent of the inconsistency.

## 2. PROCESSING

We will process the following data in connection with the Feature:

Personal Information	Use
<b>Business Data</b> (if you store personal data in the database)	We only process this data for the purposes of providing the Feature to you. Please note that we have no access to the personal data, if any, stored in the database, except if you share your account details with us for troubleshooting, or control over the data. Please note that this data is stored (and backed up, if you choose to do so) in our Cloud Block Storage feature.

## 3. SERVICE REGION

As specified in the DPSA.

## 4. SUB-PROCESSORS

As specified in the DPSA.

## 5. DATA RETENTION

We will store personal data processed in connection with the Feature as follows:

Personal	Retention Policy
----------	------------------

<b>Information</b>	
<b>Business Data</b>	We retain such data for as long as you use the Feature. You may manually delete such data on the Feature. Once you choose to delete such data or terminate your use of the Feature, such data will be immediately deleted from the Feature. If your use of the Feature is terminated or suspended by us due to arrears of your account and we do not receive such overdue payment within 7 days, we will delete your data after the 7 days.

You can request deletion of such personal data in accordance with the DPSA.

## 6. SPECIAL CONDITIONS

You must ensure that this Feature is only used by end users who are of at least the minimum age at which an individual can consent to the processing of their personal data. This may be different depending on the jurisdiction in which an end user is located.
