Privacy Policy

Last updated : 2024-09-29 20:45:49

1. INTRODUCTION

This Module applies if you use Face Fusion ("**Feature**"). This Module is incorporated into the privacy policy located at [Privacy Policy](#). Terms used but not defined in this Module shall have the meaning given to them in the Privacy Policy. In the event of any conflict between the Privacy Policy and this Module, this Module shall apply to the extent of the inconsistency.

2. CONTROLLERSHIP

The controller of the personal information described in this Module is as specified in the Privacy Policy.

3. AVAILABILITY

This Feature is available to users globally but primarily intended for users located in the same country/region as the selected service region for optimal performance.

4. HOW WE USE PERSONAL INFORMATION

We will use the information in the following ways and in accordance with the following legal basis:

Personal Information	Use	Legal Basis
Log Data: including timestamp, AppID, UIN, SubUIN, Request ID, client IP, report IP, time cost per call of the Feature, region, called interface name, VideoUrl, ResultUrl, ImageUrl	We use this data for performance maintenance, troubleshooting, service support and to improve the quality and performance of the Feature. Please note that this data is integrated with our Cloud Log Service (CLS) feature for this purpose.	We process this information as it is necessary for us to perform our contract with you to provide the Feature.
Image and Video Derivative Data: including attribute information of the video material uploaded by you (video	We use this information for the purposes of providing the Feature to you, including to conduct face fusion.	We process this information as it is necessary for us to

metadata, resolution, coordinates of the replaced faces, audio metadata, duration, bitrate, channel), attribute information of the image material uploaded by the you (resolution, size, coordinates of the replaced faces in an image), fuse parameters

Please note that this data is integrated with our Cloud Object Storage (COS) and MongoDB features for this purpose.

perform our contract with you to provide the Feature.

5. HOW WE SHARE AND STORE PERSONAL INFORMATION

As specified in the Privacy Policy.

6. DATA RETENTION

We will retain personal information in accordance with the following:

Personal Information	Retention Policy
Log Data	Stored for 7 days.
Image and Video Derivative Data	We retain this data for as long as the image and video materials uploaded by you, as well as the activity-material relationship created by you, exist. When the aforementioned information is deleted by you, we will delete this data immediately.

Data Processing And Security Agreement

Last updated : 2024-09-29 20:45:41

1. BACKGROUND

This Module applies if you use the Face Fusion Feature ("Feature"). This Module is incorporated into the Data Privacy and Security Agreement located at DPSA. Terms used but not defined in this Module shall have the meaning given to them in the DPSA. In the event of any conflict between the DPSA and this Module, this Module shall apply to the extent of the inconsistency.

2. PROCESSING

We will process the following data in connection with the Feature:

Personal Information	Use
Media Files: including Video Material or Image Material uploaded by you	We process this data for the purposes of providing the Feature to you and your end users, including for storage purposes. Please note that this data is uploaded by you or your end users and stored in our Cloud Object Storage (COS) feature.
Usage Data: Activity and Material Relationship data (ActivityID, MaterialID, ActivityName, MaterialName, data regarding the relationship between each activity created and the relevant video or image material)	We process this data for the purposes of providing the Feature to you and your end users. Please note that this data is stored in our MongoDB feature.
Fused Results Data: ImageFusedResult and VideoFusedResult	We process this data for the purposes of providing the Feature to you and your end users. Please note that this data is stored in our COS feature.

3. SERVICE REGION

As specified in the DPSA.

4. SUB-PROCESSORS

As specified in the DPSA.

5. DATA RETENTION

We will store personal data processed in connection with the Feature as follows:

Personal Information	Retention Policy
Media Files	We retain the data for as long as your chosen storage capacity allows and until you delete it.
Usage Data	We retain the data for as long as your chosen storage capacity allows and until you delete it.
Fused Results Data	VideoFusedResult is automatically deleted every day. We store the ImageFusedResult for 7 days and delete it automatically thereafter. You and your end users may download the fused results before the auto-deletion happens.

You can request deletion of such personal data in accordance with the DPSA.

6. SPECIAL CONDITIONS

You must ensure that this Feature is only used by end users who are of at least the minimum age at which an individual can consent to the processing of their personal data or that parental consent is obtained for individuals under the minimum age. This may be different depending on the jurisdiction in which an end user is located.

You represent, warrant and undertake that you shall obtain and maintain all necessary consents from end users in respect of the processing of their personal data in respect of the Feature, in accordance with applicable laws and so as to enable us to comply with applicable laws.
