## 1. BACKGROUND

This Module applies if you use the Video Creation Large Model ("**Feature**"). This Module is incorporated into the Data Processing and Security Agreement located at ("**DPSA**"). Terms used but not defined in this Module shall have the meaning given to them in the DPSA. In the event of any conflict between the DPSA and this Module, this Module shall apply to the extent of the inconsistency.

## 2. PROCESSING

We will process the following data in connection with the Feature:

Personal Information	Use
Customer Content: URL, SubAccountUIN, User IP, information in relation to the output content such as information relating to the video (such as the metadata, resolution, duration, size, file layout etc.), image (such as the metadata, resolution, size, ratio, file type etc.) and audio (such as the metadata, duration, bitrate, channel etc.), customer activity and material relationship data such as basic identification information (e.g. ActivityID, Material ID, Activity Name, Material Name), mapping relation (e.g. which activities the material belongs to) and data field (e.g. number of accounts, call volume, concurrency, resource package types, sources and total amount).	We only process this data for the purposes of providing the Feature to you in accordance with your specific configuration. To provide the Feature to you, we also process this data through integration with our Cloud Access Management (CAM) feature.

## 3. SERVICE REGION

As specified in the DPSA.

## 4. SUB-PROCESSORS

As specified in the DPSA.

## 5. DATA RETENTION

We will store personal data processed in connection with the Feature as follows:

Personal Information	Retention Policy
Customer Content	We do not store images that you input to the Features. Output images generated through the Feature are temporarily stored in our COS features and automatically deleted after 7 days. If the customer terminates the services with us, the data will be automatically deleted after 7 days.

## 6. SPECIAL CONDITIONS

You must ensure that this Feature is only used by end users who are of at least the minimum age at which an individual can consent to the processing of their personal data. This may be different depending on the jurisdiction in which an end user is located.

You represent, warrant and undertake that you shall obtain and maintain all necessary consents from data subjects in respect of the processing of their personal data (as applicable) in respect of the Feature (including for the purposes of providing the Feature), in accordance with applicable laws and so as to enable us to comply with applicable laws. You agree you will indemnify and hold Tencent harmless from and against all claims, liabilities, costs, expenses, loss or damage (including consequential losses, loss of profit and loss of reputation and all interest, penalties and legal and other professional costs and expenses) incurred by Tencent arising directly or indirectly from a breach of this requirement.

This Feature is not intended for the processing of sensitive data. You must ensure that this Feature is not used to transfer or otherwise process any sensitive data by you or your end users

You acknowledge, understand and agree that (i) we do not make any representation or warranty or give any undertaking that this Feature will be in compliance with any applicable laws or regulations, and (ii) any reliance on or use of this Feature is at your sole risk.
