## Notice On the Upgrade Of Tencent Cloud Workload Protection Platform Vulnerability Engine

Last updated: 2025-03-12 17:08:13

Dear Tencent Cloud user,

Thank you for your long-term trust and support for Tencent Cloud Host Security product! In order to provide you with better product usage guarantee, the host security plan is scheduled to upgrade the vulnerability engine on **March 6, 2025**. This upgrade will bring you a more comprehensive coverage of high-risk vulnerability detection range. The key points are as follows:

- The vulnerability detection range has been expanded, adding a vulnerability feature library of 2,300+ CVEs.
- After the upgrade, your host may have new high – risk vulnerability alarms. Please pay attention to the high – priority vulnerability risks with public annotations of EXP/POC in time.
- During the upgrade of the vulnerability engine, there is no impact on the business side and the normal running of the host.

### ⓘ Notes:

Upgrade time: Weekdays **Monday to Wednesday, 9:00 – 18:00**. This engine upgrade starts from **March 6, 2025** and ends in **early May 2025**. Upgrade cycle: about **60 days**.

If you have no queries, we will proceed with the upgrade as planned. If you have any questions regarding this upgrade, please [contact us](#) to provide feedback, and we will handle it for you as soon as possible!

# Notification of Price Reduction for Host Security Log Analysis Service

Last updated: 2024-04-22 15:58:36

Dear Tencent Cloud user,

To better meet your business needs, starting from May 9, 2024, we will reduce the price of the log analysis service from 0.20 USD/GB/month to 0.13 USD/GB/month. After the adjustment, the fees for new purchases, renewals, and scale-out will be charged at the reduced price.

Thank you for your trust and support in Tencent Cloud Host Security.
